

2010 Secret 7 Cabernet Sauvignon

- Appellation:** Napa Valley (100%)
- Composition:** 100% Cabernet Sauvignon
- Winemaking:** Each lot was punched cap fermented by hand and barrel aged for 32 months in selected French Oak barrels.
- Tasting Notes:** Spicy red fruits and oak notes in the nose. Bright and balanced in the mouth. Pomegranate, currants, and hints of cherry provides an exotic pure fruit center with a touch of pepper framed by the oak. Clean and crisp it's finished with a youthful tartness.
- Special Note:** A dynamic more hedonistic Cabernet Sauvignon. This wine is a blend of the mysterious Secret Clone and clone 7 from its original Pope Valley vineyard. A very rare and highly appreciated clone since its debut in its first vintage of 2000. This is only the second vintage of this unique wine for its original winemaker now from pureCru Winery.
