

2013 Cabernet Sauvignon

- Appellation:** Napa Valley (100%)
- Composition:** 78% Cabernet Sauvignon, 7% Cabernet Franc, 7% Petite Verdot, 5% Merlot, 3% Malbec
- Winemaking:** Partially punched cap fermented and barrels aged for 32 months with only one racking prior to blending. Extended barrel aging adds to the complexity and mouthfeel. This is an unusual treatment for wines in this day and age except for the wines of Barolo and Brunello.
- Tasting notes:** Black Rose and currant aromatics with hints of graphite minerality that carry onto the palate and evolves into a black cherry compote. Structured and well balanced, yet rich and complex along the lines of Premiere Grand Cru Bordeaux. While this wine drinks well upon release its aging potential is at least 10-15+ years with proper storage.
